SSO (Single Sign On) in muddyboots.online

SSO (Single Sign On) using a Microsoft work account can be setup in muddyboots.online (MBO) to streamline account access within your organization. This document will cover how to setup this functionality as a user of the MBO application.

Logging In to MBO

• Navigate to the muddyboots.online app by typing <u>app.muddyboots.online</u> into the browser of choice.

- UEnter the email and password that is associated with the muddyboots.online account, typically this is a company email.
- Click the

button to log in to the muddy boots app.

- Note: Users who do not manually log out of the MBO application will remain logged in.
- TIP: Add a shortcut to MBO on a desktop by dragging and dropping the desired MBO web page address to the computer desktop. This can also be done on a smartphone or tablet – search create a shortcut online to find the specific instructions for the correct device.

Linking your Microsoft Account

In order to use SSO, your Microsoft work account must first be linked, with permissions granted to muddyboots.online for profile sign in and profile access. The account can be unlinked from muddyboots.online, and the original account email and password is reapplied. Unlinking is discussed in the next section.
